

Thursday 16th September 2021

Dear Parents and Carers,

Please find attached a yearly overview of the school's main events that you may be interested in attending. All the events are subject to change but we are hopeful that everything will go ahead as planned. If any changes are made, we will update the table and keep you informed. Prior to each event, you will receive a letter with more specific details and information.

I have also included a time table of the school's autumn assemblies which take place on Friday. Each class will have a set date during the year, in which they will present their learning. Assemblies on a Friday will start at 9.15am but parents are welcome to wait in the school dining hall and share a drink together. We will also be able to have parents visit classes briefly after the assembly, so that the children can share their school books with you.

We hope this will help you to organise your year and look forward to welcoming you back into the building.

Thanks for your continued support,

Kind Regards

Aran Huseyin
